## 1944 Price List

# LONE TREE DAHLIA GARDENS

---

### GREETINGS TO ALL FLOWER LOVERS:

Nature treated us much better this season than in the past one, in that we have a fine crop of good solid medium sized roots. Since the amount of all roots are limited, for we, like all the rest, limited our flower planting this past season for the growing of war needed crops, I would suggest that you place your orders early to assure you of getting what you desire. We should all still grow a few flowers to lighten our loads, change our attitudes and keep up our morale, and there's nothing more which will help do that than "God's Messengers of Love and Beauty," the flowers that grow.

I wish to thank everyone for their share of patronage the past season and again solicit your orders for the coming season.

Yours for better flowers and gardens in 1944,

Mrs. Cortis Ray

---

### VISITORS ALWAYS WELCOME

---

**Early Orders**—When you place your order early you have a better chance of getting what you ordered as all orders are filled in rotation. When out of a particular variety, I will substitute another as nearly like the one ordered as possible. Prices on roots have been raised slightly to offset the high cost of labor and supplies that enter into the growing of the roots.

When you receive your roots, care should be taken not to let them dry up and shrivel or do not plant

---

---

when the ground is too wet and cold as there is danger of dahlias rotting in the ground and no roots will be replaced from this cause, since that is no fault of the root. Plant dahlias about corn planting time in your locality.

**Guarantee and Terms**—All stock is State and Federal inspected twice each year and each shipment carries a copy of the inspection. All stock is guaranteed true to name, cut with good eyes, healthy and will give satisfaction, if handled properly by the purchaser. Orders are cash and sent postpaid on any thing over \$1.00 in value. For orders under \$1.00 purchaser must send 10 cents extra to help cover mailing cost.

### **FREE PREMIUM BULBS**

For orders sent me up to March 1, 1944 (no collections included) I will allow you to select 20% on every dollars worth of the amount of your order in extra free bulbs of your own choosing from the list. No cash discounts will be given so select bulbs or stock only. For example, say your order (excluding collections) amounted to \$15.00. Then you would be allowed to select roots or anything from the list to the amount of \$3 free roots, extra, up to March 1.

### **CHRYSANTHEMUM PLANTS—Hardy Varieties**

Button and Pompon Mums—\$1.00 per dozen plants in unlabeled assorted mixed colors. Plants will be mailed in late May, when rooted. If you have dahlias or any other roots in your order it will be held until mum plants are ready to save postage and extra packing.

### **ZINNIA SEED—Packet \$ .10**

A generous packet of Dahlia flowered, large flowering Zinnia seed, mixed colors, that will give you bouquets in pastel shades for your flower gardens.

### **MY 1943 INTRODUCTIONS**

**Thelma—Pompon Dahlia**—Amaranth purple, fine long stems. Received an award of Merit at Michigan Trial Grounds in fall of 1942. Field grown roots. \$3 each.

---

---

**Mrs. Cortis Ray** (named for me) Min. Formal—Light jasper red and pale lemon yellow at the base extending up to the face of the petals. A dainty flower on good stems and a wonderful bloomer. On the National Dahlia Honor Roll in fall 1942 both in East and in West. Won 3 certificates of Merit. Field grown roots, \$3 each.

## **LARGE DAHLIA COLLECTION**

**(Exhibition sized blooms)**

**Surprise Collection**—12 for \$2.00. This collection is made up of large flowering double dahlias, each a different variety and labeled with its true name. The bulbs are cut with good eyes and are good sound tubers, although all tubers are not the same size. However, the size of the root has nothing to do with the size of the flower it produces and will, if it has a good eye, produce just as large flowers from a small root as if it were a large root. The selection is left to me and I can assure you that you will be more than pleased with their bloom. Since this collection would cost you three to four times as much if bought separately, no replacements will be made in this collection, but they will all be cut with good eyes and be healthy sound tubers when sent out. Try a collection and be convinced of their bargain and beauty.

## **MINIATURE DAHLIA COLLECTION**

**(Medium sized flowers of Pompon and Miniature types)**

12 for \$2.00. My selection of truly labeled, mixed miniature and Pompon dahlias the blooms of which are especially suited for house, table and small bouquets.

## **GLADIOLUS COLLECTIONS**

**Collection No. 1**—50 for \$1.00 Made up of large and medium sized bulbs, but unlabeled. They are the large flowering type used by florists and are sure to please you.

**Collection No. 2**—75 for \$1.00. Made up of small bulbs, yet blooming size but they will bloom later and lower heads not so tall as collection No. 1. They are made up of the same florist varieties, unlabeled and will also please you.

---

---

## NAMED GLADIOLUS

75 cents per dozen where 6 of a kind are taken.

\$1.00 per dozen where 1 of a kind are taken.

All large sized bulbs and choose from the following varieties:
